At Community Support Connections, we wake up each morning energized about the difference we make in the lives of our clients; people who could be your parents, grandparents, friends, or neighbours. Working with hundreds of amazing volunteers and community partners, we provide a wide range of supports for older adults and people with different abilities to help them live at home with independence and dignity – something we all deserve. We are truly caring and client centred, and are constantly innovating; looking for new and better ways to provide the best care and supports possible.

Passion and commitment permeate everything we do. Driven by our values, we treat our clients, volunteers, donors, and each other, with dignity and respect. We recognize that diversity is the foundation for understanding the needs of our stakeholders. We believe the best way to serve our clients and volunteers is to create an environment and culture that empowers our staff to be as productive and happy as possible.

That includes:

- Versatile work options including flexible hours and the ability to help create your schedule
- Generous benefit days and group RRSPs
- Competitive health and dental benefits
- Access to our Employee Assistance Plan (EAP)
- Onsite exercise facility and programs
- Onsite hot lunch options from our own kitchen
- Free parking
